

## Raja Rogers Meeting Notes

2/28/06

For Raja Rogers, try [rajarogers@maharishi.net](mailto:rajarogers@maharishi.net) But if not working, use [rajas4@aol.com](mailto:rajas4@aol.com)

Residence Course and WPA organized by Stuart and Joan Rothenberg: \$275 for double.  
\$315 for single. May 5-7 in Delray Beach, just north of Boca.

2 definites and 4 possibilities for CIC in Boca Raton for late May and June.

A Governor has moved from Atlanta to Jupiter, FL and offered his home for teaching so that will open up that affluent area.

Raja Rogers wants us to focus on getting Miami active as it is our most populous area. Atlanta is the second most populous area.

Mary Ann has a contact in Coral Gables and recommends focusing on that area.

Email Elaine if you would like the Vedic Experts or Vaidya to come to your area. Think about introducing your meditators to the programs and also promoting it to non-meditators.

Vaidya Vaidya will be touring a bit. He will be at the Raj and can go out on weekends.

Does he need to be with an MD?

Candace and Rogers have worked out over time a whole procedure whereby you don't need a MD. It's a health evaluation in light of traditional AyurVeda. If you are not a doctor, you can't diagnose and you can't prescribe. The vaidya gives a health evaluation. First thing vaidya does – talk to person and see how they are. Person will tell you what's wrong. Vaidya says according to traditional AyurVeda, you have a Vata imbalance and that may cause your backache. Vaidya tells them daily routine and diet. There is no problem giving that info out. Anyone can recommend diet or daily routine.

How does Vaidya tell them what herbs to use?

There is the MAPI catalog, with headache pills for headache. So vaidya recommends something from there. If something stronger is needed, vaidya will know that MA 677 is like DigestAide, but a bit stronger. The patient can choose whether he wants the stronger one or the one in MAPI catalog. Because only the patient knows what he needs. Therefore if done properly, vaidya is not diagnosing or prescribing.

Jeff in Lexington needs Yoga course materials because there are two people who want to take the course.

Gerard has the Yoga course notes, but not the posters.

Dale Rafferty has the course and posters. She's in Raja Stanley's domain. Charlie will contact Raja Stanley's asst.

The Raj shared a set with MUM. Raja Rogers will check with International about getting them. He would like to see them in PowerPoint format.
